## Week 5

Week 5 started off with a splashtastic ride down the Niagara Falls water slide! Campers continued the fun with new hobby hours and special activities for Israel Week. On Wednesday, we traveled to Bayside where we embarked on a sightseeing tour on the beautiful Island Queen. Campers were impressed by the magnificent Miami landmarks and the marvelous mansions belonging to such celebrities as Will Smith, Shaquille O'Neal, and Gloria and Emilio Estefan. On Thursday, campers had the opportunity to witness Marlin Mania firsthand as they attended the game against the Colorado Rockies, then finished out the day with dinner and a movie for our Second Session Late Night. We ended the week with a very special Israel Day, where campers got to experience many aspects of Israeli culture and show off their spirit with a blue and white dress-up day, and of course a very special Shabbat!
