Week 7

Week 7 was a circus spectacular here at the JCC! We started off the week singing along with Susan Linder. Campers enjoyed singing to old favorites as well as fun new songs. On Wednesday we travelled to Super Wheels where campers skated along to the newest tunes and some cool classics. For many campers it was their first time on wheels, and they were shocked at how well they did and how much fun they had learning to skate! We ended the week with a circus dress-up day and the mind-blowing performance put on by the Circus of the Kids—fire eating, juggling, and even a human jump rope! We couldn't believe they learned how to do it all in one week—it was absolutely amazing, and an incredible way to end the week! We are looking forward to next week when we cap off a great summer with more awesome activities!
