

Rishonim

Week five was another fantastic week in camp with trips to laser quest and to see the Sorcerer's Apprentice. Friday we braved the rough weather and still had a great Israeli day here at camp with great activities learning about Israel, eating falafels, and visiting the western wall. Thank You to our Shlichot, Noa, Maayan for organizing a great day of activities. We had a great start to the second session and hope to have 3 more wonderful weeks to this summer.

**There are a few changes for next week's Schedule please take note of these changes.

Monday we will be providing Lunch at Friday's at the Fall's and as an option we will take the campers that choose to bring money for Build-A-Bear, over after eating lunch.

Wednesday we will be going to Sunny Isles Beach at the Newport pier area. There is a lifeguard Station directly in front of the area that we will be occupying and if the campers want shade they can take cover under the pier. There is a cafeteria on the pier and the campers can choose to buy lunch or extra drinks there if there choose.

Friday we will be attending the movies at Kendall Village and also stopping by McDonald's for lunch for those campers who need to purchase lunch.

Dates to Remember

Monday July 26th:

Field Trip to Fridays (Lunch) and Build-A-bear option

Wednesday July 28th:
