

# Bonim & Halutzim Week 8 Best of Friends

Wow! We can't believe Summer 2010 is over! But as the old saying goes... time flies when you're having fun! Our final week of camp was full of heartfelt happenings that reminded us what summer camp is all about—FRIENDS! Campers gave the log roll one last run at the pool, and whipped up some final refreshing treats in Cooking. On Wednesday, we traveled to the movies where campers enjoyed Kids' Packs and joined in the adventure as they watched *Night at the Museum 2*. Here at camp they worked together to finish up projects and activities and put the final touches on dances and skits for the Hobby Hour and Talent Shows. We were blown away by the tremendous talents of our campers and staff! The summer ended with a very special Shabbat, where campers shared one last special moment with old friends and new. We have had a terrific time, and I know our Bonim and Halutzim campers will always treasure the friends and memories they made this summer!

Wishing you and yours a wonderful school year. I hope you had the time of your life....
